Effective Date: 4/20/2022

A RESOLUTION AUTHORIZING CITY ADMINISTRATOR JAMIE MILLS TO DO AND PERFORM ALL ACTIONS NECESSARY FOR THE CITY TO ACCEPT OWNERSHIP AND CONTROL OF THE FERN ACRES WATER SYSTEM AND TO PROVIDE MUNICIPAL WATER SERVICES TO SAID SMALL COMMUNITY WATER SYSTEM IN ACCORDANCE WITH THE LAWS, RULES AND REGULATIONS OF THE CITY, THE STATE OF OREGON AND THE UNITED STATES.

WHEREAS, the Fern Acres Community Water System, which provides domestic water services to Twelve (12) homes in the Fern Acres Subdivision, has asked that Dunes City take over the operations and control of their community water system; and

WHEREAS, such drinking water services would be to the benefit of the residents of said small drinking water system, once all repairs have been made, as those residents have been without full water resources for several weeks; and

WHEREAS, the City has an obligation, pursuant to the conditions of its water right permits from the State of Oregon to provide domestic water supplies to its residents through a municipal water system; and

WHEREAS, the City currently has funding from the federal government to assist with making the repairs necessary and meeting the testing and reporting requirements to ensure the system is operating property; and

WHEREAS, the City is using those federal funds to assist other small community water systems with getting their systems running more efficiently; and

WHEREAS, the interests of the citizens would be better served if the City would accept ownership, control, and operation of the Fern Acres Community Water System as a first phase to establishing its own municipal water system.

NOW, THEREFORE, BE IT RESOLVED BY THE DUNES CITY COUNCIL AS FOLLOWS:

That the City Administrator be, and she is hereby, authorized and directed to do and perform all actions necessary for the City of Dunes City to accept ownership, control, and operation of the Fern Acres Community Water System as the first phase of the Dunes City Municipal Water System.
